I then exited my marked agency-issued patrol vehicle and made a passenger-side approach. Upon arrival at the Tacoma passenger side window, I contacted the driver, later identified as Trent Allen HALL.

While contacting HALL, I observed a plastic bag that appeared to be torn off a larger plastic bag and tied into a knot. Through my training knowledge and experiences with the Calvert County Sheriff's Office, I know that tied-off plastic bags are used to store, transport, and conceal controlled dangerous substances. When I asked HALL to hand me the plastic bag, HALL's hands began to shake. HALL reached for the plastic bag when HALL grabbed the bag. HALL then tore off a portion of the bag, threw it on his driver-side floorboard, and handed me the empty portion. I then asked HALL to retrieve the bag he had thrown on the floor, and HALL did. Hall placed a small portion of a plastic bag on the passenger side seat, which I observed contained a white powdery substance.

I then asked HALL to exit the vehicle, and HALL was detained until other Sheriff's Office units arrived.

A search of the vehicle revealed the following:

- A plastic bag containing white powder (cocaine).
- 3 cut straws containing white powder residue located in the cup holder.

A search of HALLS person revealed the following:

- Black metal container attached to keys containing white powder residue in front left pocket.

Through my training knowledge and experiences with the Calvert County sheriff's office, I know that cut straws are used to inhale controlled dangerous substances through the nasal cavity. I know that plastic bags and small metal containers are used to store, transport, and conceal controlled dangerous substances.

HALL was read his Miranda rights and stated that the white powdery substance was cocaine.

Cocaine is a Scheduled II controlled dangerous substance.

HALL was then transported to the Calvert County Detention Center.
